

# MyLunchMoney.com

MyLunchMoney is the nation's leading site for updating and managing your student's lunchroom expenses. Introduced nearly 10 years ago, it was the first online prepayment system for school meals, allowing parents to say goodbye to sending cash and checks to the school Cafeteria. In our secure environment, parents can prepay for student meals using credit/debit cards, view current account balances, set up recurring payments when the account reaches a low balance threshold, view student meal purchases, and set spending limits. Parents love it for its ease and convenience!

To create an account with MyLunchMoney, click [here](#) or above and join more than half-million savvy parents who are already powering their student's life ... one click at a time!
